**Back, Neck and Shoulder Massage** This massage focuses on the key areas where we hold tension within the back of our bodies, using a spa body oil matched to your specific needs.

**Salt & Oil Scrub** This exceptional skin softening body exfoliation combines sea salts with natural essential aromatic oils to leave your skin nourished, smooth and supple. The perfect pick me up when you want to glow and feel invigorated, we also recommend this prior to enjoying a massage. For a lighter application, body polish is applied instead of a salt scrub.

**Invigorating Foot Treatment** This revitalising treatment for tired feet and heavy legs helps to reduce puffiness and soothe aches and pains while indulging you with a refreshing exfoliation combined with a cooling peppermint balm/mask, finishing with a deep therapeutic foot and lower leg massage.

**Soothing Hand treatment** This replenishing treatment for dry hands begins with an exfoliation before the application of a deep nourishing mask using finger lime caviar and native Australian gardenia flower extract to leave skin soft and hydrated. To complete, a nurturing massage for arms and hands is performed that removes every ounce of stress.

**Hair and Scalp Treatment** Designed to free tension and relax the mind, stimulating the hair and scalp using all natural, nourishing hair oils whilst hot aromatic towels are applied. Our relaxing massage will dissolve all tension, leaving your scalp nourished and your body rejuvenated.
